Introduction	12
Recent developments	15
Scenarios	32
Risks	41
Policies	51
References	66
Annex 1.A. Policy and other assumptions underlying the projections in the time-limited disruption scenario	69
2. From energy shocks to stronger resilience	71
Introduction	72
Energy prices have surged but exposure differs across countries, firms and households	74
Many countries have acted quickly to provide relief	77
Lessons from the 2022-23 energy crisis	81
Enhancing administrative capacity to deliver targeted and timely support	85
Strengthening the resilience of energy systems	87
References	96
3. The fiscal and economic impacts of higher defence spending	99
Summary	100
Defence spending is on the rise	100
Large increases in defence spending add pressure to the public finances	105
Defence spending could provide a near-term boost to economic activity	106
Longer-term economic effects of defence spending are highly uncertain	112
References	113
